Pittsburgh

PITTSBURGH, Oct. 6.—On the local exchange new high records, fair activity and many advances were again the outstanding features.

Among the candidates for new records in the quotations American Window Glass Machine common entered the list and came out successfully by advancing to 68½ on very active buying. Columbia Gas and Electric again moved into a higher niche and reached another record at 38, while LaBelle Iron Works, which apparently has acquired the new record making as a daily habit, rose to 80½.

New York

NEW YORK, Oct. 6.—The extraordinary breadth of yesterday's stock market, which fully maintained the activity of the past five weeks on its turnover of 1,250,000 shares, was far more interesting to observers than its irregular strength. More separate issues were dealt in than during any session of the protracted rise, including numerous dormant specialties of no specific description.

Rails again afforded a stable basis in the forenoon, cotton carriers being especially distinguished by the further extreme gain of 3½ point in Louisville and Nashville, while one to two points in Seaboard, preferred, Southern Ry., Kansas City Southern, preferred, the several Toledo, St. Louis and Western issues, Western Maryland and Rock Island.

Grain and Produce.

CHICAGO, Oct. 6.—Soaring prices for wheat accompanied news that the Argentine drought showed no sign yet of coming to an end. Despite a subsequent reaction in values, and notwithstanding an unsettled feeling at the close, the market scored net gains of ¼c to 1c, with December at \$1.00½ and May at \$1.59½. Other leading staples, too, all advanced—corn 1½c, oats ¾c, and provisions 2½c to 3½c.

Oil and Gas.

The South Penn Oil company's second test on the F. G. Woody farm, on Indian creek, Elk district, Kanawha county, is a well sand producer and estimated to be good for 40 barrels a day. The well is far above the average size for that part of the field. On Price's Creek, Smithfield district, Wetzel county, the Doman Oil company drilled No. 4 on the N. A. Ensinger farm through the stray sand and it shows for a eight-barrel pump. In the same district the South Penn Oil company has completed and put its No. 57 on the Blackshere Wells farm to pumping, and it is producing 10 barrels a day from the Big Injun sand. In Union district, Wood county, the South Penn Oil company

"Not So Bad Being Laid Up"

Cheerful? Why not? Scheduled for a couple of weeks more, but I should worry!

Why, that little old wreck and my smashed leg have brought me a change from the "road"—all the comforts of home—and \$200 every four weeks from my AETNA ACCIDENT POLICY, together with payment of the surgeon's fee. Not to mention the \$25 I'll get every week while I'm lame-ducking in the open air.

Pretty soft, eh? Especially when a fellow works only on commission. Seriously, all of you boys ought to

AETNA-IZE

You're not worrying the banks with deposits any more than I did. And when the accident breaks, your good old Aetna income keeps away the wolf and debts, and makes you independent. No spending for me!

The cost? Honestly, too small to talk about.

Before the jinx gets 'round to you, better phone, write or call today on my agent—

GAS WELL ON POOR FARM

HUNTINGTON, W. Va., Oct. 6.—A gas well producing 500,000 cubic feet daily was brought in by Wayne officials on the site of the County Poor Farm. The well will furnish fuel not only for the infirm inmates, but for the Wayne County Court House, two miles away. County officials are planning to drive additional wells on county lands to create a good roads fund.
